

Instructional Routine

Here is a summary of how to use *QuickReads* in your classroom. See pages 11–13 of the Teacher’s Resource Manual for more complete instructions.

FIRST READ

1. Say to students, “Before you read, think about what you already know about the topic. Also, look for two words that might be new and challenging. Underline these words.”
2. Then, ask students to read the passage silently. They may take as much time as they need.
3. After they read, tell students to write on the graphic organizer a few words or phrases that will help them remember what is important about the topic. The graphic organizer is located at the beginning of each Review section in the Student Editions.

SECOND READ

1. Say to students, “Now I’m going to read aloud as you read along silently. Follow along with me.”
2. Then, read the passage aloud at the target rate of one minute.
3. Ask students, “What is one thing the author wants you to remember?”

THIRD READ

1. Say to students, “On the third read, your goal is to read as much of the passage as you can in a minute.”
2. Then, tell students to read silently as you time them for one minute. Tell them to circle the last word they read when you tell them to stop.
3. Ask students to write the number of words they have read at the bottom of the page. Then, ask them to review in their mind what is important to remember from the passage.
4. Assign the comprehension questions in the Review section to check that students have understood what they have read.
