Animal Beds

SET B-9: Where We Rest | Book 4

written by Elfrieda H. Hiebert and Wendy Svec

Baby foxes sleep in dens.

My dog has a basket.
But she likes my bed the best!

Did you know that dogs
dream just like we do?

Animals sleep in many kinds of
places.
Frogs can sleep on logs.
Foxes sleep in dens.
It is dark and cool inside the den.

Most birds fluff their feathers when they sleep.

Many bugs make their beds in leaves.

Most birds make nests.

Nests are a good spot to rest.
