# We Need Bees

**SET C-10 Busy Bees | Book 4**

written by Elfrieda H. Hiebert & Wendy Svec

Honey from bees can help make you stronger when you are sick.

Bees do important work.

They also give us honey.

Bees and their honey make life sweeter!

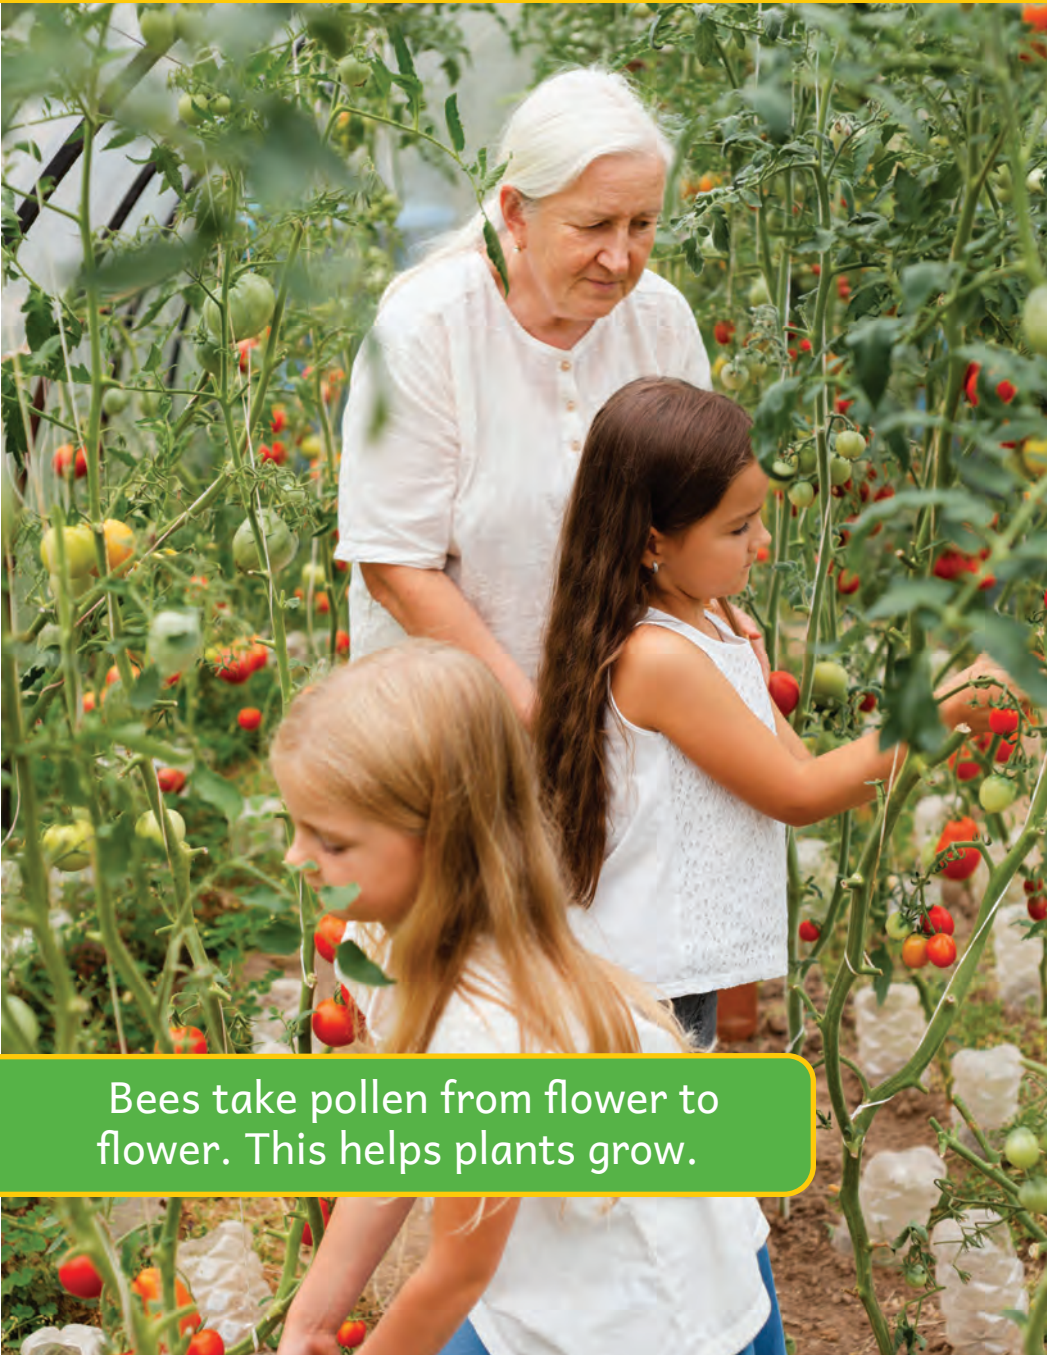

Beekeepers keep bees that make honey.

We need bees.

They spread pollen from flower  
to flower.

Pollen makes the flowers bloom.

Bees take pollen from flower to flower. This helps plants grow.

Some flowers become fruits.  
Other flowers become vegetables.  
Flowers can have seeds too.  
These are foods for people and many animals.
