We see horses on our visit to the farm. The horses spend the day in the field where they often run around.

© 2010 by Lynae Zebest. Some rights reserved (<http://creativecommons.org/licenses/by-nc-nd/2.0>).

Sometimes the horses go to the water tank to get a drink. They eat foods like grass and hay. An apple is a special treat for a horse.

# In the Chicken Coop

© 2010 by mzaletel at Flickr. Some rights reserved (<http://creativecommons.org/licenses/by/2.0>).

At night, the chickens go inside the chicken coop. They make nests and sleep inside the chicken coop.

© 2010 by furwangl in en:Wikimedia. Some rights reserved (<http://creativecommons.org/licenses/by/2.0>).

© 2009 by mollop at Flickr. Some rights reserved (<http://creativecommons.org/licenses/by/2.0>).

Chickens spend their day in a special yard on the farm. The farmer leaves seeds in the yard for the chickens to eat.

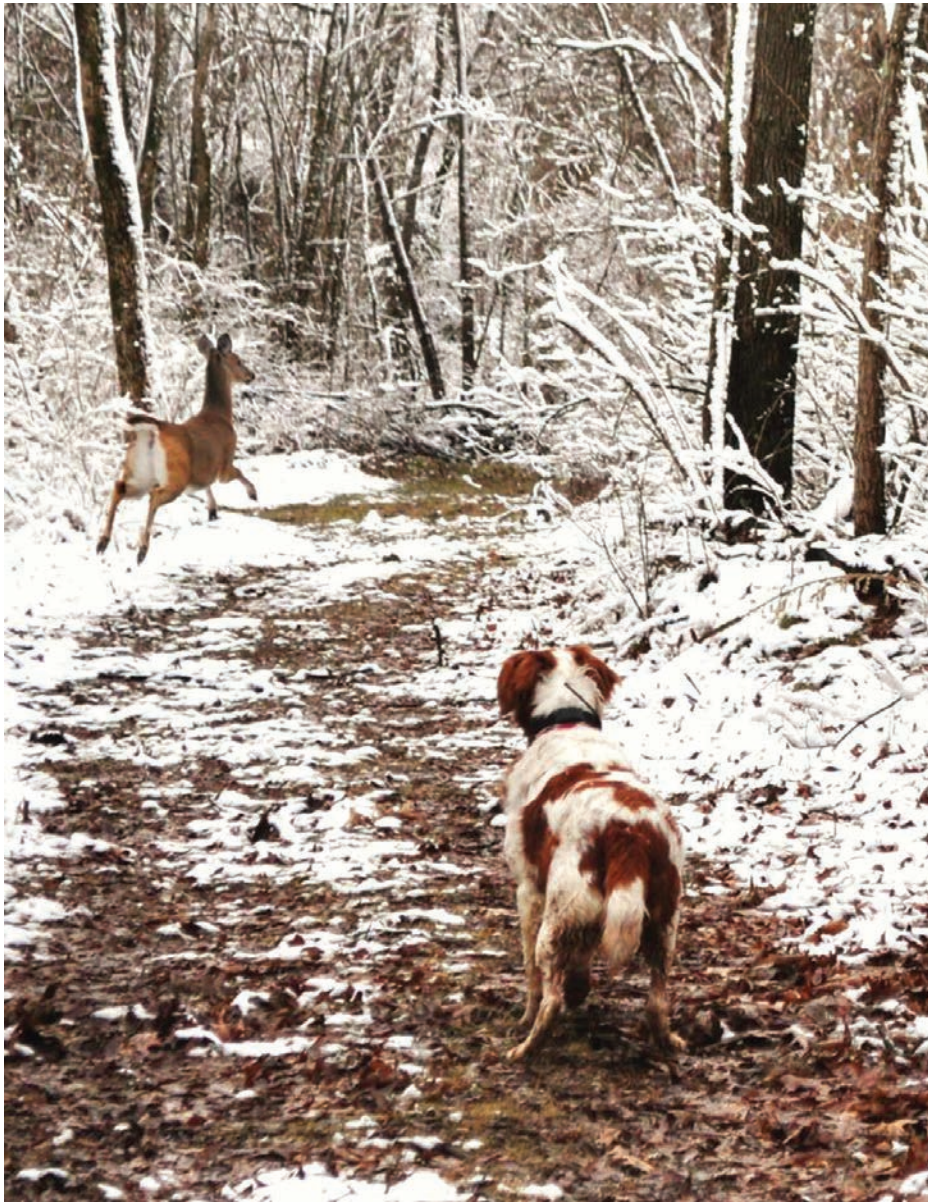

© 2011 by Johnida Dockens. Some rights reserved (<http://creativecommons.org/licenses/by-nc-nd/2.0>).

The farmer also leaves water for the chickens. If the chickens get out of the special yard, the farmer may not find the eggs that the chickens lay.

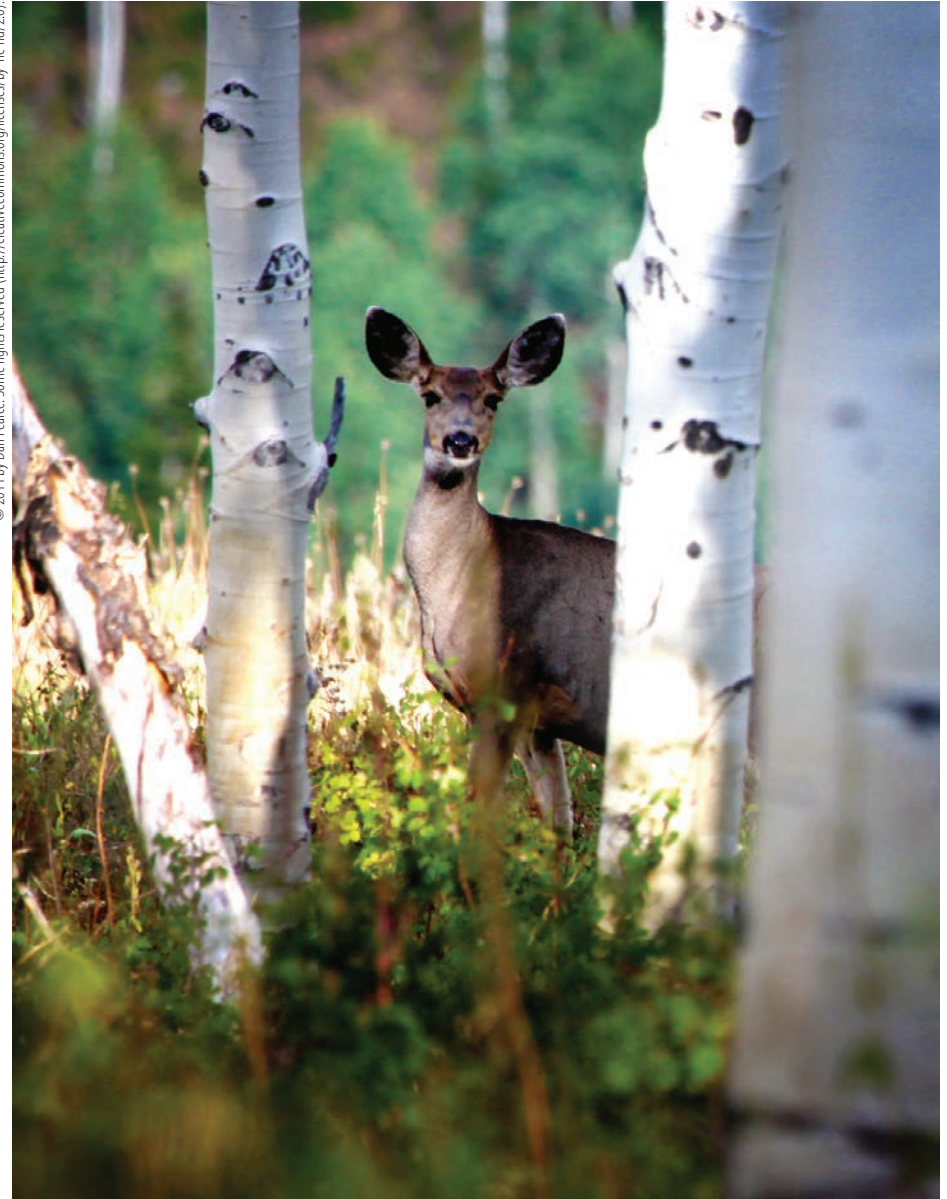

# Among the Trees

There are many kinds of fish in the ocean.  
Some fish are small and hide among the  
rocks. But that is not the only place where  
fish can hide.

© 2011 by Anita Meza. Used by permission.

The flying fish hides in an odd way. Its hiding  
place is above the water!

# In One Place

© 2008 by Jim Hamilton. Some rights reserved (<http://creativecommons.org/licenses/by-nc-nd/2.0>).

A starfish can move its arms very slowly but a part of the starfish must stay on the rock.

© 2009 by Logan Sakai. Some rights reserved (<http://creativecommons.org/licenses/by-nc-nd/2.0>).
