

# Periods of Time

## Tracking Time

**Words that  
Describe Phases  
of Time**

- \* past / present / future
- \* ancient / recent

**Words that  
Describe  
Seasons**

- \* Autumn/Fall
- \* Spring
- \* Summer
- \* Winter

**Words that  
Describe Time  
Tools**

- \* watch
- \* clock
- \* date
- \* calendar
- \* schedule
- \* routine

**past**  
(past)

**present**  
(pres·ent)

**future**  
(fu·ture)

**ancient**  
(an·cient)

**recent**  
(re·cent)

This plane was made with *recent* technology. It flies over pyramids, which were made with *ancient* technology.

**spring**  
(spring)

**summer**  
(sum·mer)

**autumn/  
fall**  
(au·tumn/fall)

**winter**  
(win·ter)

**clock**  
(clock)

**calendar**  
(cal·en·dar)

**date**  
(date)

A *calendar* lists the year, month, and day.

A *date* is a specific day of the month on a calendar.

A *schedule*, or *routine*, is a plan of when events will take place. This teacher wrote the day's *schedule* on a white board.

DATE: JANUARY 7<sup>th</sup> 2011

### **Words to Describe the Speed of Time**

- \*automatically
- \*immediately / now
- \*quickly
- \* sudden
- \* gradually

### **Words to Describe the Rate of Time**

- \* constant
- \* sometimes
- \* seldom
- \* never
- \* always
- \* brief
- \* temporarily

### **Words to Describe the Speed & Rate of Time**

# automatically (au·to·mat·i·cal·ly)

The door opens  
*automatically* when  
you stand in front of  
it; you don't have to  
push or pull it with  
your hand.

**immediately**  
(im·me·di·ate·ly)

**now**  
(now)

The food was ready *immediately* because it had already been cooked.

Speed

**quickly**  
(quick·ly)

A cheetah moves *quickly* when chasing its prey.

# sudden

(sud·den)

This man got caught in a *sudden*  
downpour of rain.  
He got wet.

Speed

**gradually**  
(grad·u·al·ly)

Many people have touched the dog over the years.  
So the dog *gradually* turned a different color.

**constant**  
(con·stant)

There is a *constant* flow of water over the falls.

**sometimes** *Sometimes* she paints flowers; other times, she  
(some·times) paints trees.

**seldom**  
(sel·dom)

It *seldom* snows in parts of California.  
It is sunny most of the year.

There will *never* be two people with the same fingerprint.  
Each person's print is special to him or her.

**never**  
(ne·ver)

**always**  
(al·ways)

The moon is *always* in the sky.

This butterfly lives a *brief* amount of time—about six months.

**brief**  
(brief)

**temporarily** (tem·po·ra·ri·ly) The water fountain was *temporarily* not working.  
The custodian soon fixed it.

# Periods of Time

## Units of Time

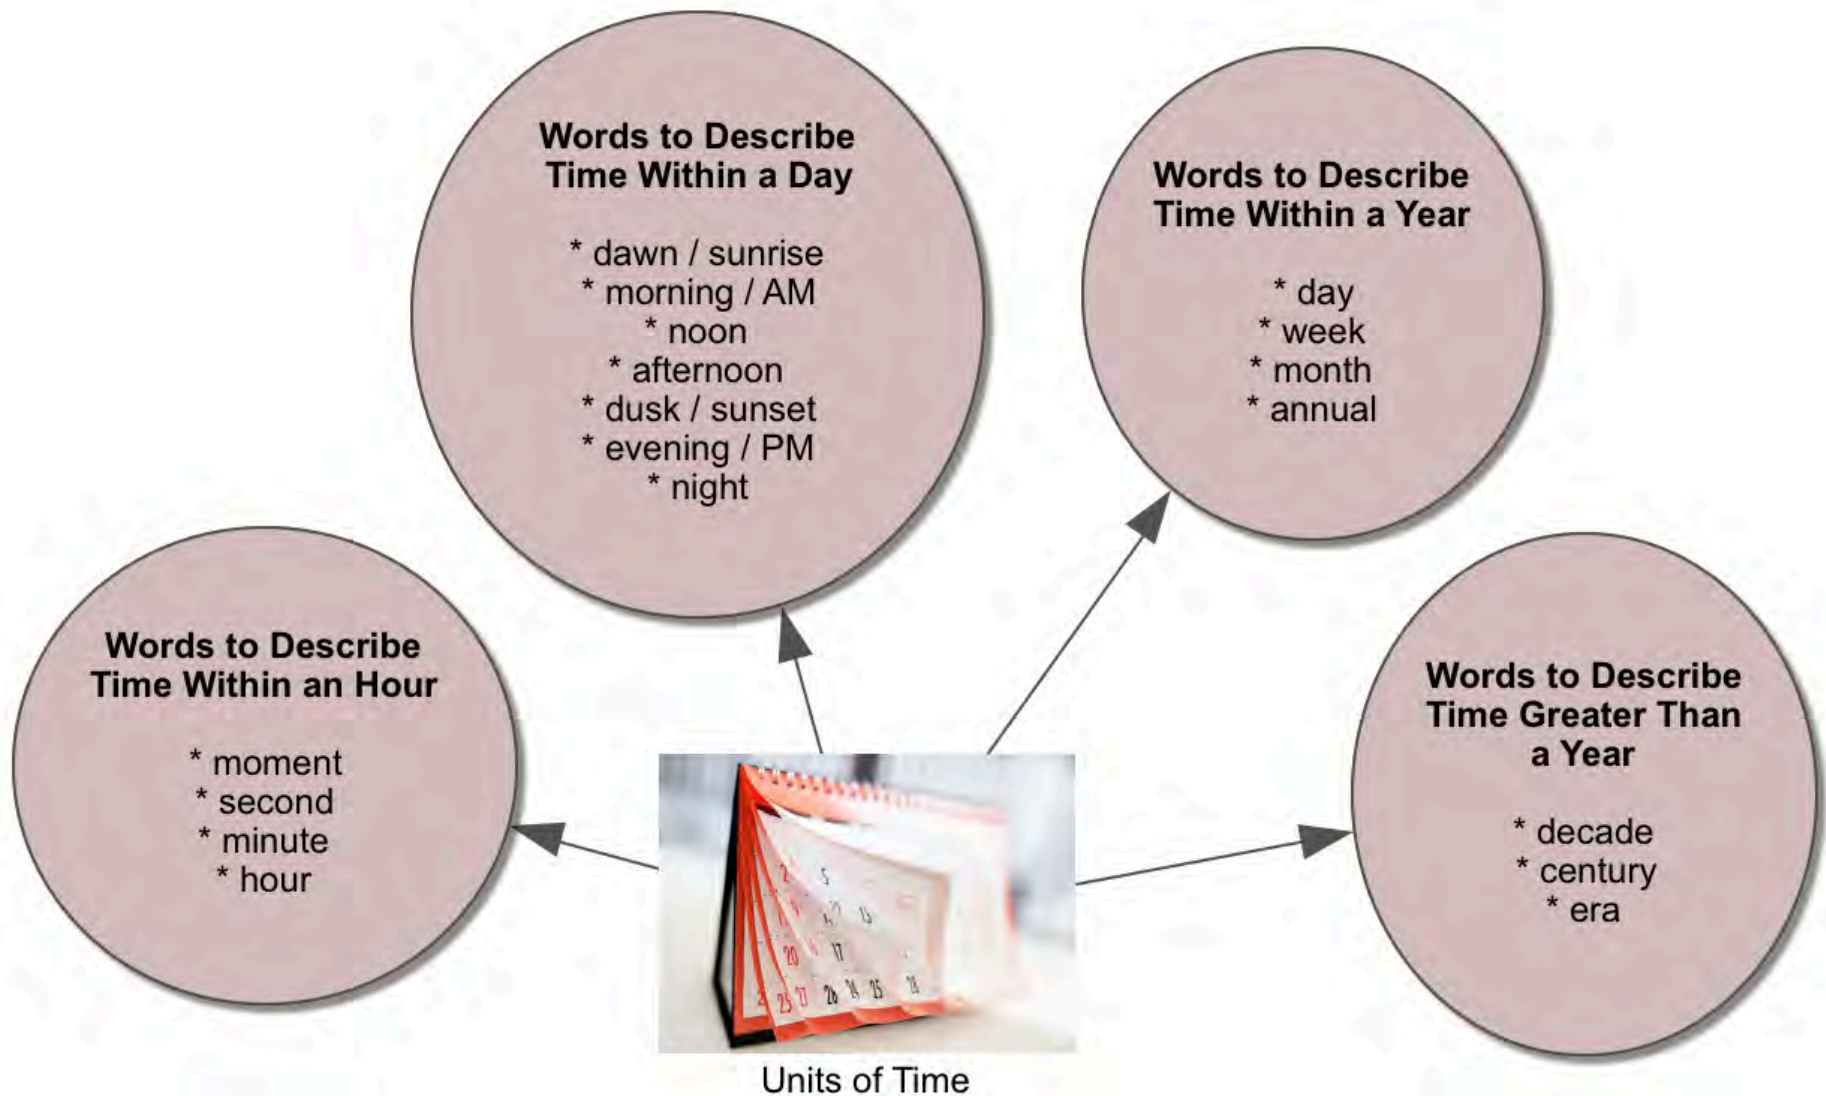

For more information about TextProject, visit [www.textproject.org](http://www.textproject.org)  
v.1.0 © 2019 TextProject, Inc. Some rights reserved  
<http://creativecommons.org/licenses/by-nc-nd/3.0/us/>

A *moment* is a very brief amount of time. You might be asked to hold a door for a moment.

**moment**  
(mo·ment)

**second**  
(sec·ond)

The winning runner ran her  
race in less than 13 *seconds*!

# minute (mi·nute)

The movie will be 120 minutes long. A *minute* is sixty seconds. There are sixty minutes in an hour.

**sunrise**  
(sun·rise)

**dawn**  
(dawn)

They fished off the dock at *sunrise*.

**morning**  
(morn·ing)

**A.M.**  
(A·M)

We make pancakes for  
breakfast in the morning.  
Another name for *morning* is  
*A.M.*

**noon**  
(noon)

On a half day of school, the students get out at *noon*.

# afternoon (af·ter·noon)

The father naps with his baby in the *afternoon*.

**dusk**  
(dusk)

**sunset**  
(sun·set)

The sky was pink at *dusk*.

**evening**  
(eve·ning)

**P.M.**  
(P·M)

In the *evening*, I caught some fireflies. Another name for evening is *P.M.*

**night**  
(night)

On a clear *night*, the stars shine brightly.

Daily

Yearly

**day**  
(day)

A *day* is 24 hours long. There are 365 days in the year.  
What day is your birthday?

# week (week)

A *week* is seven days long. There are 52 weeks in a year.

Yearly

The year is divided into 12 *months*.

We celebrate African Americans during Black History Month each February.

**month**  
(month)

Yearly

# annual

(an·nu·al)

Pets should have annual checkups with a veterinarian.

The word *annual* means every year.

# decade

(dec·ade)

Disco dancing was most popular during the decade between 1960 and 1970.

*A decade* is a period of ten years.

Greater Than a Year

# century (cen·tu·ry)

A *century* is a period of 100 years.  
Machines made work quicker and cheaper  
during the 20<sup>th</sup> century.

**era**  
(e·ra)

An *era* is a major, or very long, period of time.

The dinosaurs walked the earth during the Mesozoic Era.
