

Teamwork

Lin and James are at the lake.
They have a toy sailboat.
They drop the boat into the water.

Lin and James watch.
The boat glides along the side of the lake.

Then, a gust of wind blows.
The wind drives the boat into a pile of weeds.

Lin and James run over to the weeds.
Lin uses a long stick to push the weeds away.
James pulls the boat out.
The boat is saved!

James and Lin pull weeds off the boat.
When it is clean, they put it back in the lake.
They smile at each other.
They make a good team!
