

# Forces Around Us

Corresponds to QuickReads Level B, book 3,  
*Science, Forces Around Us*

# Energy

(en·er·gy)

Riding a bike and skateboarding take energy to do.

# Gravity

(grav·i·ty)

**Object**  
(ob·ject)

**Friction**  
(fric·tion)

This ball is an object. When the ball was in motion on the grass there was friction between the rough grass and the ball.

**Rough**  
(rough)

**Smooth**  
(smooth)

Tree bark (left) is rough but a hardwood floor (right) is smooth.

# Wagon

(wag·on)
