Constructed

Definition:

To build something large such as a building or a bridge

Example:

The Romans *constructed* the Colosseum, so that they could have a place for people to watch Roman sports.

Enemies

Definition:

Someone who hates you and wants to harm you or prevent you from being successful, the person or group of people that you are fighting in a war.

Example:

The Roman Empire fought many wars and therefore had many *enemies*.

Photo: Pictures from a Dagorhir event taking place in Missouri. Image released into public domain by its author, Evan-Amos.

Engineers

Definition:

Someone whose job is to design build and repair roads, bridges, machines, etc.

Example:
Roman *engineers* built giant buildings
and complex systems of water transportation

Photo: An Ancient Roman Forum, or a meeting place. November 2007 ©2007 Pasztilla in en:wikimedia. Some rights reserved CC-BY-SA-3.0-2.5-2.0-1.0

Empire

Definition:
a group of countries
that are all controlled
by one ruler or
government

Example:
If we look at a
modern map,
the Roman *Empire*
controlled all the
land from Great
Britain to Iraq.

Conquest

Definition:
the act of setting control of land or
people by force

Example:
The Roman *Conquest* can be described
as the Roman Empire's constant need
to become more powerful.

Armor
